WORK EXPERIENCE

Junior Business Development Manager → Business Development & Marketing Generalist

Aug 2024 – Apr 2026

Quantistry · Berlin, Germany (Remote)

- Researched international industry conferences and coordinated leadership planning, resulting in the company attending and building partnerships at key events including Slush and Materials Week Europe.
- Collaborated with leadership on investor decks, partnership presentations, and sales collateral — including client-facing 2-pagers the sales team credited as key to securing demos and advancing deals.
- Led the company rebrand end-to-end with an external agency — acting as primary liaison and overseeing delivery of all brand assets including the new website, email signatures, LinkedIn banners, letterheads, and presentation templates.
- Owned digital presence across the company website, landing pages, SEO, analytics, and LinkedIn content, supporting lead generation efforts.
- Set up marketing automations including HubSpot email triggers for new sign-ups and Webflow form routing, with HTML/CSS fixes to resolve front-end issues on the website.

Product Marketing Intern

Feb 2023 – Aug 2024

Leato · B2B Learning & Development SaaS

- Conducted high-volume LinkedIn prospecting, sourcing ~250 HR and People Operations contacts daily across Europe to build the sales pipeline.
- Managed LinkedIn content creation and publishing to support brand visibility and lead generation.
- During the company's wind-down period, stepped up alongside the founder to keep operations running — rapidly learning invoicing, resource procurement, and fulfillment coordination for corporate accounts with no prior experience.

Digital Marketing Intern

Oct 2021 – Aug 2022

Terceira Gest · Marketing Agency · Azores, Portugal

- Managed social media content, copywriting, and branded assets simultaneously across 7+ clients, adapting tone of voice and strategy to each brand.
- Led client meetings to define brand direction and content strategy, and supported ad campaign execution.

PROJECTS

AI Book Recommender

2025

Claude API · Google Books API · n8n · Google Sheets · JavaScript

ptrcxafaria.github.io/books.html

Built an AI-powered book recommendation tool using Claude API, Google Books API, and n8n automations. Users enter 1–3 favourite books and receive 3 themed recommendations with cover images, logged automatically to Google Sheets.

Marketing Events Tracker

2025

n8n · Tavily Search API · Claude API · Google Sheets

ptrcxafaria.github.io/events.html

Automated weekly n8n workflow that searches for relevant marketing conferences using Tavily's search API, extracts and filters real events via Claude, and logs them to Google Sheets — replacing a repetitive manual research task.
